

Student 2012 Timeline

April 2012:

Scholarship applications must be received at Cobalt Mortgage corporate office in Kirkland, Washington, by 5:00pm on April 30, 2012.

May 2012:

On May 1, 2012 scholarship applications will be filtered to determine if they meet the following criteria as outlined on the application and on our website:

- Dependents of past or present clients Cobalt Mortgage Loan Officers
- Members of the Boys and Girls Club
- Members of the local YMCA/YWCA

A neutral party will sort the applications received according to criteria selected by Affiliate Partner in their scholarship creation, by:

- Geographic location (county and state)
- Educational status (current high school senior; currently attending an accredited post-secondary school, but under the age of 25; or either option)
- Educational goal (accredited 4-year college, accredited 2-year college, or accredited vocational or technical institute)

After the sorting process, a neutral scoring committee will award recipients based on merit.

June 2012:

Award letters will be sent to students. Acknowledgement letters will be sent to Affiliate Partners for each of their scholarships. Cobalt Mortgage Dollars for Scholars® will contact the appropriate high schools for each high school senior recipient to inquire about awards ceremonies. Information regarding opportunities to present at the ceremonies, with date, time, and instructions will be sent to Affiliate Partners as soon as available from the recipient's high school.

August 2012:

Scholarship checks will be mailed to the financial aid department of recipients' schools with instructions on how funds are to be applied. Recipients will not directly receive the check but will receive notification that their check has been sent.
